

Interagency Partnerships for Water Reuse
The Presidio, San Francisco, CA
Monday, October 29, 2007

**Bay Area
Water Forum**

1. Registration and Continental Breakfast (7:45-8:15)

2. Welcome and Introduction (8:15-8:45)

Workshop sponsors welcome participants to the Presidio and explain agenda and desired outcomes.

- **Michele Plá**, Bay Area Clean Water Agencies
- **Hon. Cynthia Murray**, Bay Area Water Forum
- **Ron Young**, WaterReuse Foundation

3. Recycled Water: A Bay Area Solution (8:45-10:15)

Federal and state decision makers explain how and why they support Bay area water recycling.

Panel Members

- **Hon. Grace Napolitano**, Chair, Water and Power Subcommittee, US House of Representatives
- **Hon. Jared Huffman**, Chair, Environmental Safety Committee, California State Assembly
- **Larry Todd**, Deputy Commissioner, US Bureau of Reclamation
- **Lester Snow**, Director, California Department of Water Resources
- **Barbara Evoy**, Deputy Director, State Water Resources Control Board

4. Networking Break (10:15 – 10:30)

5. Regional and Local Partnerships: Yesterday and Today (10:30 - 12:15)

Local leaders examine past and present recycling partnerships and the reasons for their success.

- **Bay Area Regional Water Recycling**—Michael Carlin, *San Francisco Public Utilities Commission (SFPUC)*
- **DSRSD-EBMUD Recycled Water Authority**: John Coleman, *East Bay Municipal Utility District* and Jeff Hansen, *Dublin-San Ramon Services District*
- **South Bay Water Recycling**—Eric Rosenblum, *City of San Jose* and Melanie Richardson, *Santa Clara Valley Water District (SCVWD)*
- **Daly City Partnership**—Patrick Sweetland, *Daly City* and Paula Kehoe, *SFPUC*
- **Integrated Regional Water Management Plan**: Stan Williams, *SCVWD*

6. Lunch with Regional Networking Partners (12:15 – 1:15)

Meet with potential partners for new water reuse projects at geographically arranged lunch tables.

7. Facilitated Break-Out Groups (1:15-3:15)

Each participant will discuss one of five key topic areas in small “breakout” groups:

- Understanding Partnership Benefits and Responsibilities
- Valuing and Paying for Recycled Water Projects
- Coordinating Recycled Water Use and Land Use Planning
- Addressing Public Opinion about Recycled Water
- Building, Maintaining and Operating Recycled Water Systems

8. Networking Break (3:15 – 3:30)

9. Report Small Group Work and Identify Key Issues of Concern (3:30-4:30)

Participants report highlights of topical discussions and identify opportunities for further research.

10. Reception and Networking (4:30-5:30)

Informal discussion of the day’s events with potential local, state and federal partners.
