

You'll learn....

- What you need to know about the new SSO General Waste Discharge Requirement (GWDR)
- When you need to report SSOs
- What you need to report
- How to report SSOs via the State Water Board's new electronic reporting database
- What is included in the Sewer System Management Plan portion of the GWDR

What You'll Take Away...

- Reference manual to use and update with your agency's protocol and forms
- Access to a specially designed database simulation for continued practice before you have to report in CIWQS
- Access to updates and information on additional training

CWEA has worked with Subject Matter Experts and the State Water Resources Control Board in an effort to provide accurate, complete, and reliable information regarding SSO WDR electronic reporting. CWEA provides no warranty, expressed or implied, nor assumes any legal liability or responsibility for the accuracy, reliability or completeness of furnished information. While it is our intention to provide training to help you and your agency comply with the SSO WDR, CWEA provides no warranty, expressed or implied, that attending this training and/or using the reference guide and/or database simulation will result in your agency's successful compliance with the SSO WDR. The information provided is not intended to take the place of either the written law or regulations.

SSO-WDR Compliance Workshop: Electronic Reporting

SSO-WDR Reporting Requirements & Tips

Training in
Region 2 & 3
Monterey and
Sunnyvale
Online Reporting
Deadline: May 2, 2007

Brought to you by
CWEA, SCAP, BACWA,
CASA, CVCWA.

SSO-WDR Compliance Workshop Electronic Reporting: Reporting & Requirement Tips What you need to know, when you need to do it and how you report it!

The California Water Environment Association (CWEA) and its Summit Partners (CASA, BACWA, SCAP, CVCWA) announce the rollout of the **SSO-WDR Compliance Workshop Electronic Reporting: Reporting & Requirement Tips to Regions 1, 2 & 3.**

In the session you'll work with a team of other attendees to tackle SSO situations and report them in a database simulation. You'll gain experience with the database and will leave the training with the ability to report SSOs in the State Water Board's new electronic reporting system (a part of CWIQS).

The conference is specifically designed for everyone who is involved in the collection system and reporting of SSOs. All staff levels will

gain valuable experience on what data is needed to report, when to report it and how to report the data in the State Water Board's new electronic system.

The session will use the latest techniques in adult learning and will be different from any other training you've attended for CWEA.

The training will be provided in phases to sync up with the phased in compliance schedule in the WDR. Training for those in Regions 5, 6, & 7, training will begin in

May.

Workshop Details:

- Each class is 4 hours in length
- 2 sessions will be held in each location on the days noted
- Register for one session only, AM or PM. If that one is full, we will contact you for the next date and time that works for you.

Morning Session: 4 hours
7:30—8:00 AM Registration

8:00—12:00 PM Workshop

Afternoon Session: 4 hours
12:30—1:00 PM Registration

1:00—5:00 PM Workshop

4 contact hours will be available for CWEA Collection Systems certificate holders. CWEA is working with SWRCB to ascertain if California State CEU's will be available. Check the CWEA website for updates.
