

State Water Resources Control Board

December 27, 2011

Sent via e-mail.

To: Selected Legally Responsible Officials

SUBJECT: REQUEST FOR INFORMATION

The State Water Resources Control Board's Office of Enforcement and the Regional Water Quality Control Boards are conducting inspections of sewer collection systems to evaluate compliance with "Waste Discharge Requirements for Sanitary Sewer Systems," Water Quality Order No. 2006-0003-DWQ¹ (SSSWDR), and the Amended Monitoring and Reporting Program (Amended MRP).²

As part of our evaluation, we are requiring certain agencies to complete the attached Sewer Collection System Pre-Inspection Questionnaire (Questionnaire) to increase our knowledge about system operations, maintenance and management. All of this information will also be used to assist us with our statewide compliance and enforcement prioritization process underway for the Sanitary Sewer Overflow Reduction Program.

Complete the attached Questionnaire and save it to a compact disc (CD). Also, save the additionally required documentation onto that CD (see Part 4, Section 1 of the Questionnaire). Print the last page of the Questionnaire (Certification page), and complete it in ink. **Submit the CD and original Certification page by January 20, 2011 to:**

State Water Resources Control Board
Office of Enforcement, Special Investigations Unit
1001 I Street, 16th Floor, Sacramento, California 95814

If you have any questions regarding this information request, please contact Ms. Julie Berrey at (916) 341-5872, or via e-mail at <jberrey@waterboards.ca.gov>.

Sincerely,

Mark Bradley, Chief
Special Investigations Unit
Office of Enforcement
