Fremont, CA

Be Sewer Smart! This Rainy Season

Only one thing is certain...

photo: Casbah

And so are sewer overflows and sewer backups.

Be Prepared!
9th Annual Sewer Summit
November 13, 2014
Marriott Fremont Silicon Valley
46100 Landing Parkway, Fremont, CA 94538
Pre-Registration Required

~ Limited Seating

Register online now: <http://www.riskcontrolonline.com/Main/ViewSeminars.cfm>

No registration fees ~ Free Onsite Parking ~ Boxed Lunch Included

This free conference began in 2005 by bringing together representatives from government, regulatory and business organizations that influence sewer backup and backflow issues to collaborate and identify potential resolutions to the conflicts that limit current prevention efforts.

ABAG PLAN and CSRMA continue to bring these same forces together with attendees, regulators and speakers engaged in determining best practices for managing and preventing sewer backups and backflows while still meeting regulatory compliance burdens.

Who should attend:

Public Works Directors ~ Sewer System Managers and Supervisors

City Attorneys ~ Sewer Collections Maintenance Personnel

New this year, attendees can assemble their own schedule of sessions by choosing topics from a three track system, each track has a specific subject with four topics to choose from.

SCHEDULED SESSIONS

TRACK 1: Sewer System Mgmt

Risk Mgmt and Regulatory Compliance

9a-950: SWRCB SSMP Auditing Update

Victor Lopez, SWRCB
