

Biosolids System
 Committee – Report to
 BACWA Board

July 26, 2007

Prepared By : Natalie Sierra
 Committee Chair

Committee Request for Board Action:

- None this month.

Business Discussed and Action Items:

Business	Action Item	Due Date
Stakeholder's Meeting – Solano County July 11th	Attendance by key agencies and Synagro to comment on proposed changes to the Solano County ordinance	<i>Completed</i>
Field trip planned for visit to Synagro's South Kern Compost Facility	Find mutually agreeable date, distribute information to all BACWA committee members	<i>Completed</i>
Compile Agency Data on Pesticides for Solano County	Agencies have been e-mailed with a data request; to be completed by July 31st	<i>July 31, 2007</i>

Other Issues of Note:

- Staff from SFPUC, EBMUD, USD, FSSD, and Synagro attended the Solano County stakeholder's meeting on July 11th. Only one member of the public was present, along with three of the Supervisor's aides. The proposed language changes were discussed; Solano County staff appear to be amenable to some altering of the language requiring a portion of all biosolids produced to be dedicated to a Class A process by 2012.
- A hearing before the Board of Supervisors on the ordinance changes is scheduled for the afternoon of August 28th. Solano County staff believe that there will probably be a follow-up hearing in September. We will likely have a conference call following the August hearing.

Next Meeting – September 26th
