Q5 Do you have any comments regarding the length of the event?

Answered: 6 Skipped: 3

start and end earlier on Friday

Perfect length

Felt a little rushed

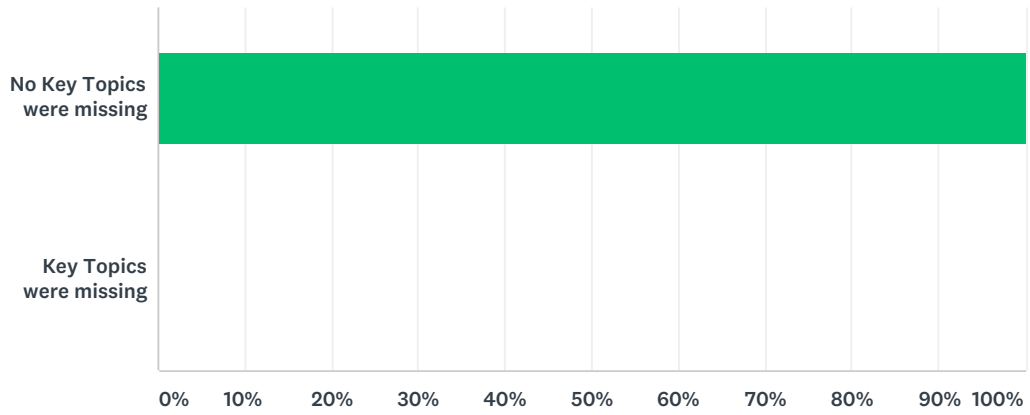

Two day format is great

The length of the event was good, though it might be nice to start 1/2 hour later on Thursday to allow more time for travel.

Q7 Was there adequate time to discuss the key items on the agenda?

Answered: 9 Skipped: 0

We had to rush through the other topics (Cl2 residual, toxicity). Also the science portion of the program felt a bit rushed. I would have like more time to go through the presentations or have the presentation available to review.

yes

yes

Can add a little more time.

Lot of items so sometimes felt a little rush

Yes.

Felt right

Not sure. Most of the strategy and time has been dedicated to Nutrients, and rightly so. I would to see more strategy setting around other issues like Biosolids, ELAP, evolving workforce and what we are going to do to keep from pouching talent from each other.

I enjoy the Pardee venue and meetings. The caterer was excellent and I hope they are catering future events.
went very well again this year. thank you.
The second day was a little crowded, consider to reserve seats to the Water Board people.
Consider configuring the tables tighter to facilitate discussion.
Dialog with key Water Board staff is invaluable, this should be emphasized and strongly encouraged with new Water Board leadership.
