

# State Water Board Vision for Water

BACWA Annual Meeting  
May 15, 2026

Sean Maguire, PE, Board Member

# Vision for Water

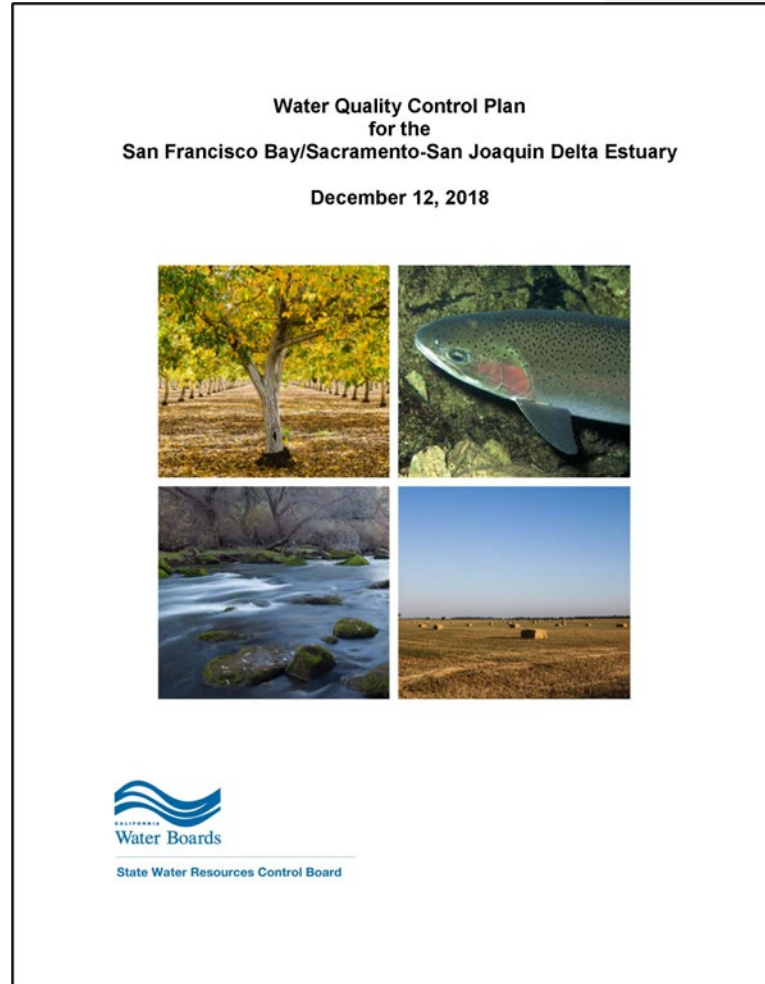

# Improve Nutrient Management

- Harmful Algal Bloom Strategy
- Harmful Algal Bloom and Nutrient Provisions
- Ocean Acidification and Hypoxia Objectives

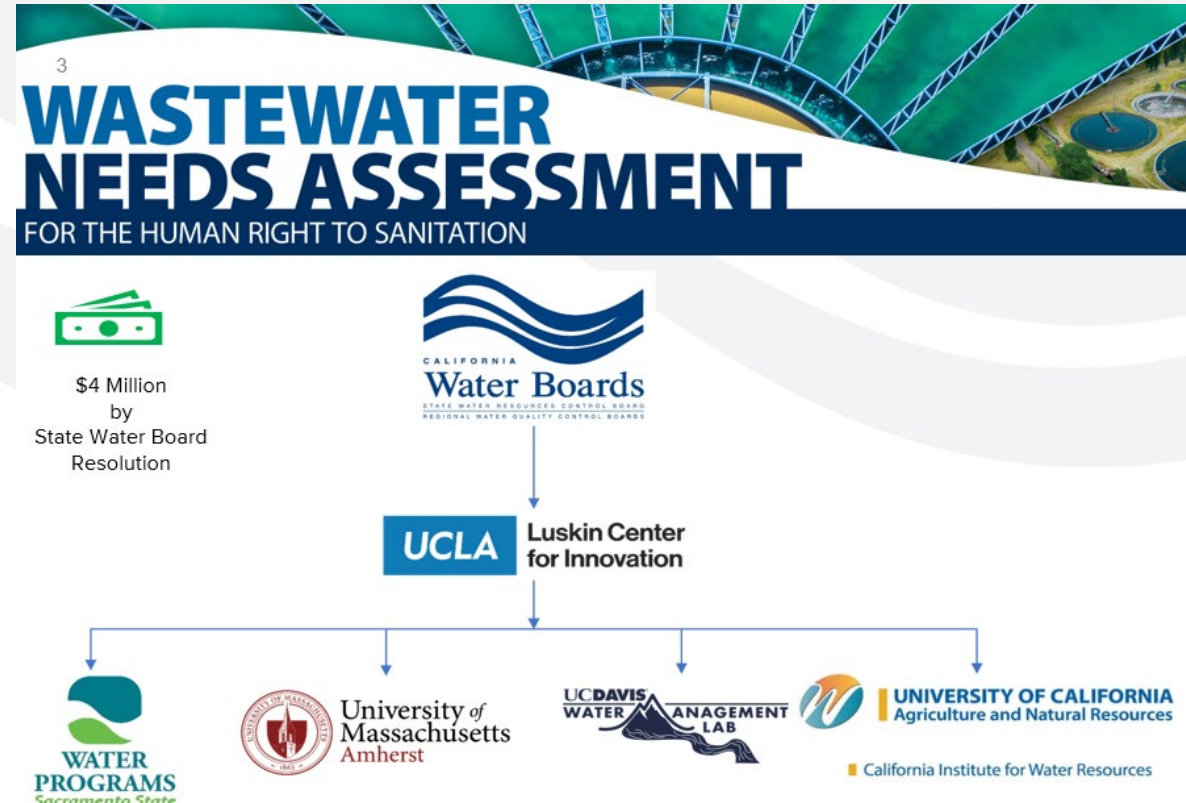

# Update Bay-Delta Water Quality Control Plan

- Seeks to Balance Beneficial Uses
- Plan Includes Healthy Rivers and Landscapes Pathway with Regulatory Backstop
- Extensive Public Engagement Process
- Likely Adoption late 2026

# Complete Initial Wastewater Needs Assessment

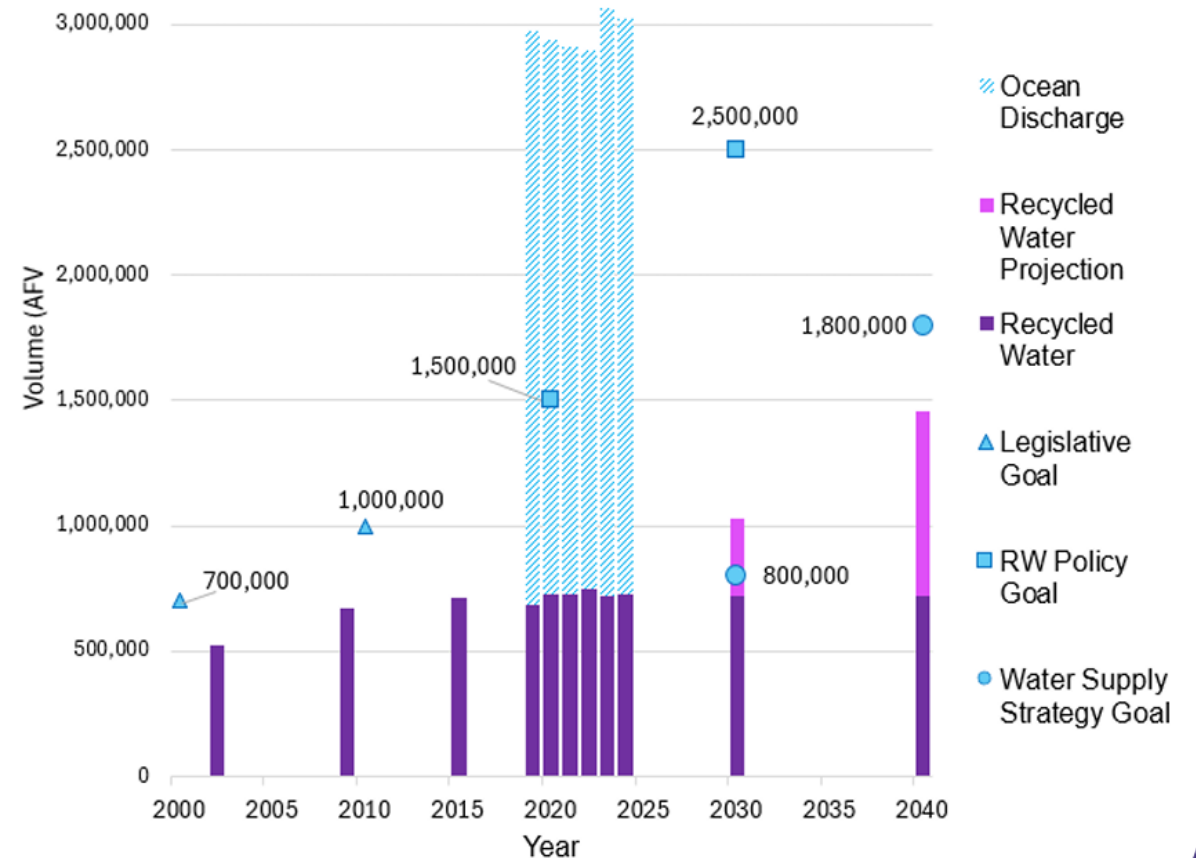

- Includes POTWs, Collection Systems, and Unsewered Areas
- Anticipate List of Inadequate Systems to be Released Soon
- Iterative Process – this is Version 1.0
- Next Steps Include Infrastructure Cost Development
- Completion Mid-2027

# Build Water Resilience / Adapt to Climate Change

- SB 72 / California Water Plan Update
- Recycled Water Goals
- Greater Certainty for Direct/Indirect Potable Reuse
- Onsite Nonpotable Reuse

## Recycled Water Goals & Projections

**Thank you!**
